

TRIALS OF R.R. PRESIDENT ARE REVEALED

DESTROYS SEEPEE
Many Bismarck People Testify To
This.

I can't sleep at night
With so less in my pants of a bad habit
We have to get up from time
to time.

If the kidneys are in trouble
Set them working right with Doan's
Kidney Pills.

Here is Bismarck proof of their
merit.

Mrs. J. O. Varney, 408 2nd St. N.
Sometime Mayo Used Doan's
Kidney Pills to kidney trouble. I
was all run down and feeling dull
and miserable. My back ached sever-
ely and I was unable to sleep nights.

The action of my kidneys was ir-
regular too. I got Doan's Kidney
Pills from Lentner's Drug Store and
they soon brought relief. I recom-
mend Doan's Kidney Pills in return
for the benefit they gave me.

Price 6¢, at all dealers. Don't
forget, ask for a kidney remedy—get
Doan's Kidney Pills—the same that

It is the railroad. And on top of his
other troubles it is now estimated that
the mineral deposits which furnish
the main remaining source of revenue
will be exhausted within three years.

Source of Revenue

The president of an Alabama short
line whose principal source of revenue
is hauling ore to Birmingham furnaces
appeared to defend his company
against six employees, all station
agents, who had requested more
money. Their present income is \$95

a month.

The railroad president exhibited a
personal knowledge of the affairs of
each of his employees. One of the sta-
tion agents, he said, owned a country
store a few rods from the railroad
station and had run his telegraph
wire into the store so he could handle
his duties as dispatcher and operator
while waiting on customers. A sec-
ond was described as the wife of a
prosperous farmer. She had her
telegraph line in the farm kitchen, the

president said. Of the six operators
only one was located in a town, and
that was a village of 500 population.

The president said his road paid no
dividends, and operated at a loss of
\$100,000 last year.

Hearing of the more than 100 short
line cases, each of which is being tak-
en up separately, is expected to con-
tinue for several months. Decisions
in all cases will be handed down sim-
ultaneously.

**Dry Amendment Fails
To Eliminate Party**

Chicago, Nov. 16.—Notice that pro-
hibition will continue in operation for
the next two years at least for the
purpose of guaranteeing a continu-
ation of a bone dry congress two years
hence is given by Virgil G. Hinshaw,
chairman of the Prohibition national
committee here at national headquar-
ters.

"We have a mission still," Mr. Hin-
shaw said. "If any one of the major
temperance organizations were to
stop now it would give a chance to
the wets to come back and possibly
pass a beer and wine amendment to
the Volstead law."

Nature's Remedy (NR Tablets),
are helping thousands who tried ex-
pensive things without result.
It's guaranteed.

There are three vital processes of
hunger—digestion of nourishment
from it and the elimination of assimilated
matter. Failure to derive full nourish-
ment from food and that in turn often
means impoverished blood, weakness,
anemia, etc. Poor elimination means
an accumulation of waste matter
which poisons the body. Losses vitality,
decreases the power of resistance to
disease and leads to the development
of many serious ill.

Rheumatism due to some inter-
ference with the process of elimination
failure to get rid of certain body
poisons, cannot be expected to yield
to any medicine that fails to combat
the condition from which it comes. It could
only be a person expect to rid
himself of rheumatic pain as long as
rheumatic poison is allowed to remain
in the body.

Think of this. Explaining the suc-
cess of Nature's Remedy (NR Tablets)
in so many cases where other
medicines have failed. Thousands are
using NR Tablets every day and getting
them for only five or ten
cents a day for certain things." A 25c box of Nature's Remedy (NR
Tablets), containing enough to last
twenty-five days, will help you
much more you get relief and
satisfactory benefit or cost you nothing.

Nature's Remedy is not only for
the relief of rheumatism. It im-
proves digestion to the best liv-
ing condition. It has a tonic action
improves the blood and cleanses the
system. You've tried the expensive
medicines and doctors, now make the
right try Nature's Remedy (NR

SOUTH DAKOTA RUNS COAL MINE

Lemmon, S.D., Nov. 16.—The Clare-
mont coal mine, owned by the state
of South Dakota, is now shipping two
hundred tons daily. The product is
the quality known as blue lignite.

The Claremont mine was purchased
last summer to insure state institutions
against coal shortage. Fuel is
furnished to the state normal school
at Spearfish, the penitentiary at Sioux
Falls, the school for blind at Gary, the
school for deaf at Sioux Falls, the sol-
diers' home at Hot Springs, and other
state institutions. Individuals may pur-
chase coal at the mine.

The mine is located at Haynes, S.D.
Just over the line from Lemmon.
The original owners began the grad-
ing for a spur railroad from the mine
to Lemmon. The state of South Da-
kota is now building this railroad.
It is estimated that when the line is
finished the mine's output can be
tripled.

Belgium Puts In Bills For Cigars Smoked by Diplomats

Paris, Nov. 16.—The Belgian gov-
ernment has just presented to the
League of Nations a bill for cigars
amounting to 80,000 francs. The bill
says: "These cigars were smoked or
carried off by members of the various
delegations at the Spa Conference."

That Conference was held in July
and was attended by members of the
Supreme Council and representatives
of the German government.

The Secretariat of the League of
Nations has announced that it is short
of money and moreover it refuses to
take over the debts of the Supreme
Council.

The Belgian government argues
that the Spa Conference formed part
of the "operations" of the League of
Nations.

The bill remains unpaid. The
League of Nations assembly will hold
its first meeting at Geneva, November
15.

Attorneys for the Governor assert
ed the action was regular, that
cause had been shown.

ror" which means that its sensational
happenings could occur in anybody's
life. It has to do with a man who set
women above his God and whose
lasciviousness together with his guilty
paramour nearly wrecked the hap-
piness and peace of mind of a respect-
able community. Mayflower Photo-
play Corporation are its sponsors
while the First National is releas-
ing it.

The bride was naturally proud of
the fact that she was to wed a cabinet
minister and took care that the time
and place of the wedding should be
known to everyone. Notices giving
that information were published in
the newspapers.

A knot of women had gathered at
the church doors and took advantage
of the opportunity to tell the minister
what they thought of his administra-
tion. The Vorwaerts says that Herr
Hermann and his bride found the sit-
uation so uncomfortable that after
the ceremony they left the church
by a side door.

passages and allays irritation. It
stops sleep-disturbing coughing at
night. Children like it. Contains no

MONTANA BANK HAS NEW CASHIER

News of the appointment of R.
H. Poff as cashier of the First State
Bank, Brockway, Mont., was re-
vealed with interest at Dakota Busi-
ness College, Fargo, N.D. About
200 D.B.C. graduates are now
bank cashiers outside of Fargo
while local bank executives were
also "Dakota"-trained.

Recently, the First State Bank of
Hamar, employed Mr. Bostrom
as asst. cashier the day he graduated
from Dakota Business College.

WEHE REMOVAL IS UPHELD BY SUPREME COURT

Member of Workmen's Compen- sation Bureau Sought to Recover His Salary

The removal of Laurens J. Wehe
from the workmen's compensation
board by Governor Frazier was up-
held by the supreme court, in a ruling
handed down today on the case.

Judge Birdzell wrote the opinion,
and Judge Robinson, Bronson and
Grace concurred. Judge Christianson
partially disagreed, holding that the
right to the title of an office could
not be decided in a mandamus suit,
but said that since the court went
into the matter he held the cause as
shown by the papers filed in the
court was insufficient.

Wehe was discharged late last win-
ter by the Governor, after a "hearing"
which Wehe characterized as a
farce. Wehe, who had been named a
member of the board as a representa-
tive of the public, declared that the
action was political because of dis-
agreement over rulings of the bureau.

In a mandamus brought in action
in district court by Wehe to recover
his salary, Judge Nuessle held him
prima facie entitled to the office,
though not going into the full right
of title to the office because of the
nature of the office. Attorneys for the
Governor took the case to the supreme
court, and the Governor's action
was upheld.

Attorneys for the Governor asserted
the action was regular, that cause had been shown.

GRIDDLE CAKES and WAFFLES
 From the **NEW ROYAL COOK BOOK**

There is an art in making flapjack pancakes, griddle cakes or waffles, call them what you will. But it is an art very easily and quickly acquired if you follow the right recipes.

Here are some recipes for a variety of breakfast cakes that will make grandmother envious. The secret, of course, is Royal Baking Powder.

Royal Hot Griddle Cakes

2 cups flour
 1/2 teaspoon salt
 2 teaspoons Royal Baking Powder
 1/4 cup milk
 1/2 cup shortening

Mix and sift dry ingredients; add milk and melted shortening; beat well. Bake on slightly greased hot griddle.

Griddle Cakes with Eggs

2 cups flour
 1/2 teaspoon salt
 2 teaspoons Royal Baking Powder
 2 eggs
 1/2 cup milk
 1/2 cup shortening

Mix and sift dry ingredients; add beaten eggs, milk and melted shortening; mix well. Bake immediately on hot griddle.

Absolutely Pure

"Bake with Royal and be Sure"

BUCKWHEAT CAKES
 2 cups buckwheat flour
 1 cup flour
 4 teaspoons Royal Baking Powder
 1/2 teaspoon salt
 1/2 cup milk or milk and water
 1/2 cup molasses
 1/2 cup shortening

Stir together flours, baking powder and salt, add liquid, molasses and melted shortening, beat three minutes. Bake on hot greased griddle

WAFFLES

2 cups flour
 4 teaspoons Royal Baking Powder
 1/2 teaspoon salt
 1/2 cup milk
 2 eggs
 1/2 cup shortening

Sift flour, baking powder and salt together; add milk to yolks of eggs, mix thoroughly and add to dry ingredients; add melted shortening and mix in beaten whites of eggs. Bake in well greased hot waffle iron until brown. Serve hot with maple syrup. It should take about 1/2 minutes to bake each waffle.

**TAX CASES ARE
 BEFORE FEDERAL
 JUDGE IN FARGO**

Two Suits Arising Out of Taxing Methods Are Attacked by Railroads

Two suits arising out of taxation actions of the North Dakota legislature or state officials are on the calendar in the federal court in Fargo this week.

Judge J. W. Woodrough, of Omaha, is hearing the capital stock case in Fargo today, in which the railroads attack the validity of the act. This case has been bitterly fought and one went to the United States Supreme Court, the state winning. J. E. Packard, assistant attorney-general, went to Fargo last night to appear in this case.

Tomorrow, the case in which the railroads attack the assessment of their property for the year 1911 and 1912 will be heard in the court. George E. Wallace, state tax commissioner, expects to be present at the hearing of this case. The railroads alleged that the state board of equalization taxed from \$400,000 to \$500,000 on railroads in the state was not based on value this year.

Something like \$2,125,000 in taxes is involved in the valuation case. The railroads contended that their property was assessed far above fair market value and that therefore the assessment was discriminatory.

OPHEUM

Beginning tonight, "The Price of Redemption," the big new Metro production starring Bert Lytell will be the feature attraction at the Orpheum theatre, for a run of two days. Pictured from the famous novel "The Temple of Dawn," by J. A. R. Wyke, this new Lytell vehicle is said to surpass all previous screen productions of this popular young star and to establish a new record in expansive film creation.

The story of the play in which Bert Lytell enacts the leading role is that of a young Englishman in the Dutch East Indies who becomes famous for his deeds of exceptional bravery and then sinks to the depths of degradation in an unhappy marriage in London. The picture portrays life in far-off India where English garrisons and native villages Leigh Bazaar, a young English officer first distinguishes himself as the hero of "Aunt Akbar" and then sounds off the depths of evil ways among the native grog-sellers, huts and opium dives.

"Don't fail to see Bert Lytell in his greatest screen production which is saying a great deal."

HAD REACHED BREAKING POINT, DECLARES BEYER

After Four Years of Stomach And Kidney Trouble He Could Hold Out No Longer—Says Tantric Restored Him To Splendid Health.

"I hadn't been well a single day in four years when I got hold of Tantric but now I feel so fine I can't tell there was ever anything the matter with me," declared H. Beyer a well-known farmer, of 678 Styker Avenue, St. Paul, Minn.

"I am seventy years old," he said "and I had been in bad health so long that things looked gloomy to me. My stomach was in bad order and my appetite was practically gone. Nearly every bite I ate soured and caused gas to form and press around my heart something awful. I couldn't take a deep breath but what it made me feel like I was choking and I had severe pains in the pit of my stomach."

"My kidneys were all out of order and worried me all the time and I had sharp pains in the small of my back. I was bothered with constipation and headache spells. I couldn't get much sleep or rest and I couldn't stand the strain any longer."

A few weeks ago I took a notion to try Tantric and today I don't believe a single symptom of my old troubles is left. My appetite is fine and I can eat anything I ever could without any trouble at all."

"My kidneys are in fine shape and my back never hurts me now. I am no longer bothered with constipation or headaches and dizzy spells. I sleep as sound as a log and when morning comes I feel brimful of life and energy. I've never stuck a medicine that I can class with Tantric and I am recommending it to my friends."

Tantric is sold in Bismarck by Jos. Breslow in Driscoll by V. D. and J. H. Barrett in Wing by H. P. Hennigan, and in Strasburg by Strasburg Drug Co.

THE STATE'S OLDEST NEWSPAPER
(Established 1873)

"WE"

November 21, many cities in the United States will observe the 300th anniversary of the Mayflower Compact. The Compact, signed by the Plymouth settlers, contains only about 200 words, but as America's first expression of democracy, it ranks among the important American historical documents.

When you read it casually, you may wonder, perhaps, what there is in it worth celebrating.

Its main significance lies in the use of the words "WE" mean the people.

"We," it reads, "whose names are undersigned *** do, by these presents solemnly and mutually in the presence of God and one another, covenant and combine ourselves together in a civil body politic ***"

This was the first conscious expression of democracy by any people through such use of the word "WE" as distinguished from the autocratic "I" or "We" of kings.

"I," wrote King James, handing down a charter for Virginia in 1609, "I, James, by Grace of God, King of England, Scotland, France, and Ireland, etc."

The Virginia charter was a constitution and by-laws given to a people by a king. The Mayflower Compact was the first American charter made by and for a people.

The word "WE" in the Compact was a Declaration of Independence all by itself. For that reason the anniversary of the signing of the Compact is a notable event. When people learned to say "We," as against the "I" of kings, they made themselves free.

But it took humanity a long time to learn to use the word in that way.

DAYS NEVER RETURN

"There is a fall of days as there is a fall of leaves," wrote Remy de Gourmont, French philosopher.

His logic was in this fashion:

The winds of the earth flutter the sere and yellowed leaves from the trees. Some wind of the infinite tears away the days, one by one.

The leaves to the ground return and Nature takes them to her laboratory and in the winter renovates and renews them and replaces them as fresh and bright as ever.

Not so with the days. A day that is dead will never know the resurrection. Other days will come but not the same days.

You may pray for the green leaves of summer and when they come, to your eye, to your heart and your brain they will be the same leaves that were light green, dark green and brown the year before. But when new days come you soul is never deceived.

Though they be as much alike as two carefully matched pearls, two days are never the same. Each day that fell from your life with its ending carried away a little of you as a souvenir and that it will never return. You are older and the mate to that day will find you so and treat you so.

View with carelessness, then, the coming and the vanishing of leaves, but guard your days for what they are—bits of a never-twice-the-same gift of time from the endlessly varied reservoir of time somewhere beyond the farther star where the past is present and the present and future are blended.

BOY BATTLES

"Time!" That's going to be a new classroom sound now, along with "Less noise in that corner, boys!" and "We will hear the geography recitations now." At least if the signs are true.

A young woman—principal of a Chicago school—believes in letting the boys in her school fight out their trouble. And she puts this into practice. In her school are boys of 22 nationalities.

Her line of reasoning is probably something like this: Boys of such widely different habits of thought and action—if they're regular boys—are sure to have differences. There never was a boy—a regular one—who didn't want to settle a scrap with his fists. (Not so many girls, either.) Ergo—if he has that hankering, it's not likely he will forget it just because he is kept after school or soundly lectured by "Teacher." When he gets out of the school room, the first thing he will do, regardless of hastening shadows and suppertime, will be to look for that same classmate. Found, he will proceed to beat him up, fair means or foul.

if he doesn't get the tables turned on him. Then they're enemies.

But if "Teacher," on discovering the grudge takes both boys down in the basement, draws a ring on the floor, and tells them to go to it, and settle their differences with their fists in the time-honored way, just as their ancestors must have done, it is easily ten chances to one that when the fight is over, the vanquished one will be content to recognize prowess in fair fighting—and there's an end to their disagreement.

"Of course the fights must be fair," says this Chicago teacher. "I never permit any serious injuries. A black eye or two is usually the limit. If one of the boys is inclined to be a bully, he gets just what he needs. Then they are friends, and we will have no more trouble from them."

The superintendent of schools says the system works.

Yet will some trembling exponent of "mild manners" at any cost, rise up and wail:

"Now see what suffrage has done to our dear young ladies!"

RIGHTS

Augustus John, an artist of some note, painted the portrait of Lord Leverhulme.

The titled one wished the portrait to occupy a certain small space in his house. So he cut out the head to frame for that purpose, and rejected the rest of the portrait.

That stirred up a row, with the painter demanding explanations, and the other protesting that since he bought the portrait and paid for it, he had the right to do with it as he wished.

Unquestionably he had that legal right. But the notion that he had such a moral right is generally and vigorously denied.

Modern thought tends to put more emphasis on the obligations and responsibilities of possession than on its rights.

Children, for instance. Parents have legal authority over a child which equals their responsibility for his welfare. But it is his right that what they require him to do should be in his own interest rather than for their profit. A child does not belong to his parents so much as he belongs to himself.

THE RICE CROP

The country is learning two lessons:

- 1—Eat more rice;
- 2—Market rice, efficiently.

Southern rice growers have raised two billion pounds of the cereal this year and can't sell it. Their predicament is little if any less serious than that of the cotton growers, who have lost millions through collapse of the domestic market.

To remedy matters, the Southern Rice Growers' Association has completed plans to establish complete control of rice marketing. This will be accomplished through contracts with every rice miller in the country. The millers will handle rice only through the association. The milled product will then be sold only at fixed prices.

The best grade of rice will be delivered to wholesalers at 6 1/4 cents per pound. Last year, the retail price was around 14 cents per pound.

The association, representing 75 per cent of the rice growers in Louisiana, Texas, Arkansas and California, doesn't hope to save the average grower from loss. On the contrary, the average loss per acre on a crop of 1,372,200 acres may run as high as \$15. But without a cooperative marketing project, such as the association proposes, the growers face ruin.

A campaign to educate American consumers on the value of rice as a food product will be launched along with the marketing system.

amount to a complete rejection of the claims of Mr. Wehe.

JUST JOKING

Believes He Can Prove Right
To Office in Different
Kind of Action

L. J. Wehe, ousted by Governor Frazer as a member of the Workmen's Compensation board, plans to file a new suit in support of his claim to the position. Mr. Wehe, after an examination of the decision of the supreme court, which sustained the Governor's attorneys in an action before them, believes he is not estopped from continuing the action along these lines.

Mr. Wehe based his contention on the following statement in the majority opinion:

"This is not a proceeding to review the action taken before the Governor and we cannot pass upon the sufficiency of the evidence to prove the existence of the legal ground for removal. We can only pass upon the sufficiency of the facts alleged in the answer to constitute a defense to the application for a writ of mandamus."

The answer alleges that notice was given to the petitioner of the character of the charges against him.

These charges, if sustained, in our opinion amount to a legal cause for removal."

What Answer Charged

The answer charged that Wehe, while a member of the commission, carried on a private law practice prior to April 19, that he was incompetent, etc. The Governor suspended him on April 19 and then fixed a time for hearing, on April 23. Wehe objected to the hearing he was to have declared there was not sufficient time and that he had no knowledge of the particulars of the charges.

Judge Christianson, in dissenting from the majority decision on certain phases, said: "While I do not believe that the question of ultimate title of the relator to the office is properly triable in this proceeding, I do not argue that the facts set forth in the return show that the relator was legally removed."

Sought a Writ

Wehe had sought a mandamus to collect a monthly salary of \$200.00. This was denied by the court, in sustaining the Governor's attorneys.

While Wehe declares that he will contest his ultimate right to the office in another proceeding, friends of the Governor assert that the language of the petition is such that it is tan-

\$100,000 DAMAGE
SUIT RESUMED

Fargo, N. D., Nov. 17.—The second trial of Amanda Larson's \$100,000 damage suit against Mrs. Clara B. Schmidt-Russell, wealthy Fargo property owner, will be started before Judge Charles M. Cooley of Grand Forks in Cass county district court here Wednesday morning.

Amanda Larson was injured early in 1917 by some falling brick from a building on North Broadway owned by Mrs. Russell and, according to her attorneys, W. T. McEnroe of Fargo and Judge John Knauf of Jamestown, she has been paralyzed ever since, most of the time being confined to her bed.

In her first suit she sued Mrs. Russell for \$50,000 in Judge A. T. Cole's court and was awarded a verdict of \$35,000 with costs of the trial assessed against the defendant. Mrs. Russell appealed the case to the supreme court and was granted a new trial.

After the granting of the new trial, new papers were drawn by the plaintiff's attorneys asking damages in the sum of \$100,000.

Dr. Edwards' Olive Tablets Get
at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them. Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 15c and 30c a box.

DARK BUSINESS
OUTLOOKED FOR
SWEDISH INDUSTRY

Stockholm, Nov. 17.—Prospects for the coming winter are regarded by many Swedish business men as anything but bright at present.

After the war blockade was lifted, the country became flooded with American and English produce, chiefly textiles, foodstuffs, and automobiles. As a result, the dollar rate soared from 3.20 kroner to nearly 6. The importation of foreign foodstuffs soon ceased, but textiles and automobiles are still pouring into the country at such a rate that an embargo upon their importation is being seriously considered.

The overflow has thrown thousands of Swedish workers out of employment. The great mills at Norrköping and Boras have been working only four days weekly since August and they are now preparing a general dismissal of their employees.

High wages, and the operation of the eight-hour day which has been in force here for a year, are blamed in some quarters for this state of affairs.

Swedish manufacturers, especially of iron and steel, are no longer able to compete with the foreign-made articles. For a time, plants have been accumulating stocks, but signs abound that this has reached its limits. A strike in the building trade has lasted for nearly a year and the housing problem has become so acute that to rent a flat in Stockholm or in any of the big Swedish centers is well nigh impossible. With all this, the workers continue agitating for still higher wages and shorter hours. The elections last September resulted in disapproval of the socialist regime and the present socialist government is said to be anxious to relinquish office.

GRAFTON MEETS WILLISTON FOR STATE HONORS

Beats Valley City Team and Earns Right for Try at Championship

Grafton N D Nov 17 In a contest featured in the almost perfect team work of the local midget eleven defeated the powerful Valley City team here yesterday afternoon by the decisive score of 27 to 6 and won the football honors for the eastern half of the state As result of Grafton's victory the high school team will meet the Williston eleven at University Field Grand Forks, on Thanksgiving day to decide the state gridiron championship

Once Valley City Rallied

Except in the third quarter when they made a strong rally and succeeded in pushing McFadden half back over the line for a touchdown, the visitors were not dangerous. Grafton scored early in the first quarter on a number of long runs. Before the period ended another touchdown was added to the home team's score. Goal was kicked after the first touchdown but the ball went wide after the second score. Grafton a touchdown and goal in the second quarter also the first half ending with the score 20 to 0 in the third quarter Grafton again scored first but Valley City came back and made a touchdown but failed to kick goal. The final quarter was scoreless but the home team gained the most ground. Penalties cut off another score

Credit for the victory of the Grafton team which was outweighed nearly 12 pounds to the man, is given to Coach Flanagan. He has developed a team which shows a marvelous perfection in the art of interference. No runner ever tore loose on the Grafton team except with two or more men at his side to dispose of tacklers

Team Work Won the Victory

Coach Paul Davis of the University who refereed the contest said the Grafton style of play was the best exhibition of team-work he had ever seen on a high school team. There were no thrilling trick plays resorted to. A few runs from punt formations cross buck and straight footed carried the Grafton team on its march to the goal four times. Newgaard, H Nelson, halfback Stewart, fullback and Thorson quarterback played consistently for the winning. Newgaard made two touch downs. Nelson, one and Carlson, one. Captain Werth of Valley City a tackle played the strong game for his team. McFadden, who scored the only touchdown was the big man in the offense

LOCAL BOY ON TEAM
Bismarck football fans were especially interested in the Grafton Valley City football game because Tommy Thorson, Grafton quarter-back is a former Bismarck boy. He lived in Bismarck while his father, T H Thorson was adjutant-general and went through the eighth grade in Bismarck. After leaving Bismarck he attended Grand Forks high school for three years but is finishing at Grafton, the Thorson home

Though weighing but 120 pounds Tommy is rated as one of the best quarterbacks in North Dakota. He is lightning fast and a good field general

CICOTTE TURNS STATE'S EVIDENCE

Chicago, Nov 17 - Eddie Cicotte, Chicago White Sox pitcher, whose confession resulted in numerous indictments by the special Cook county grand jury in connection with the 1919 world's series scandal, probably will not be punished for his part in the game throwing, according to officials of the state's attorney's office. Cicotte will turn state's evidence when the men indicted are tried and his only sentence will be banishment from organized baseball, it was said tonight

While no official announcement was made by the state's attorney's office an official let it become known that but for Cicotte's testimony the jury never would have had sufficient evidence to indict more than one or two persons and that there would be little chance for conviction without the pitcher as a state

NEW WELLAND CANAL IS FIRST STEP IN OPENING GREAT LAKES TO SEA

Work by the Canadian government on a new Welland Canal has revived interest throughout the west and midwest in the long discussed project to connect the Great Lakes and the Atlantic Ocean so that ocean vessels may ply direct to lake ports

The old Welland Canal and the rapids of the St. Lawrence River have been the stumbling block in the plan to make ocean ports of Buffalo, Rochester, Erie, Cleveland, Detroit, Toledo, Milwaukee, Chicago, Duluth, Superior and other Great Lakes ports

With the Welland Canal being cleared for deep ocean-going vessels

the river rapids will remain the main obstacles. Engineers say this may be done away with by dams or canals extending from Galop Rapids to Montreal

The chain of Great Lakes now extends about one thousand miles above Niagara, with Lake Ontario and the Upper St. Lawrence adding 250 more, when the Welland Canal and the rapids are opened. The lower St. Lawrence is already open to big ships

On the other end of the line, it would be possible to complete a circle through the Great Lakes by a waterway connecting Lake Superior at Duluth with St. Paul and Minneapolis on the Mississippi River.

Picture at top shows how Canada is breaking through, with the new channel to Port Weller, on Lake Ontario. Dotted line on small map indicates canal being built. Large map shows the possible waterway route from St. Paul and Minneapolis to Duluth, down through Lakes Superior, Michigan, Huron, Erie, Ontario and through the St. Lawrence River to the Atlantic. The light line between Duluth and St. Paul indicates the canal that would be necessary to connect the Great Lakes and Mississippi

witness. The ball players and gamblers indicted by the jury probably will be brought to trial in January it was said

SNOW STORM INTERFERES WITH CORN HARVESTING

Sioux City, Nov 17 - The snow storm which ushered in the month of November made corn picking a difficult operation, as the stalks were twisted by the wind and the passage of wagons through fields impeded. Farmers are offering up to twelve cents per bushel for corn picked. The desire to save the crop from a lasting snow is given as the reason for the increased wages. Thus far the corn has not been damaged but the early blizzard was warning enough, according to reports reaching here from various sections of the state

MINNEAPOLIS HAS LARGEST CONCRETE ARCH IN WORLD

Minneapolis, Minn., Nov 17 - The largest concrete arch in the world—400 feet long—is under construction here. It is one of the five arches which will span the Mississippi river at Franklin Avenue.

The arch which is made of reinforced concrete surpasses by 46 feet a similar one in Rome, which was declared the largest in existence.

On either side of the huge span, will be a 200-foot concrete arch, with a 55% foot one at the extremities of the bridge.

The bridge which is 56 feet wide, will not be completed until the summer of 1922, in the opinion of K. Oustad, general superintendent of bridge construction. It will cost approximately \$600,000, he estimated.

Because of the immense weight of the huge middle arch, it is necessary to build a portion on the middle and adjoining spans at the same time. Mr. Oustad said, so that there will be a supporting force against the reaction of the middle span.

Fair Profits for All Pay Best

Substantial progress in all directions and satisfactory working and living conditions are the direct result of fair profits.

On the other hand, abnormal profits soon bring their own corrective. They usually make for excessive production through increased competition, and when the public balks at the high prices, the market breaks—the consumer having learned to use less of the product or to use substitutes, does not buy in normal quantities for a long time.
